MISTY FJORDS FLOATPLANE ADVENTURE - KETCHIKAN

Begin with an exciting takeoff from the bustling Ketchikan waterfront as you embark on a scenic flight through the Tongass National Forest and some of Alaska's most magnificent wilderness. You will then glide over majestic fjords, cascading waterfalls and jewel-like lakes. Look for wildlife such as brown and black bears, Sitka black tailed deer and bald eagles while enjoying the views of this land of incredible natural beauty and rugged grandeur. Over tens of thousands of years, massive glacial action carved this ice-rimmed wilderness of the Misty Fjords. Marvel at sheer walls of granite rising over 3,000 feet with huge stands of lush spruce, hemlock and cedar clinging to the snowcapped peaks. The monument is one of America's greatest treasures, and at 2.3 million acres, is nearly four times the size of Rhode Island. A highlight of your tour will be a gentle landing on a pristine alpine lake or remote fjord. Your pilot will invite you to step out on to the pontoons to enjoy the fresh mountain air, and the breathtaking scenery that surrounds you.

Spectacular Misty Fjords

- Alaska's most popular flightseeing trip!
- Cascading waterfalls, jewel-like lakes and abundant wildlife!
- Experience a water landing on an alpine lake or remote fjord!
