Alaska

CRUISE & FLY COMBINED WILDERNESS ADVENTURE

Cruise on a high-speed catamaran through Misty Fjords National Monument, surrounded by towering cliffs, sheer rock faces and waterfalls cascading into emerald fjords. Your vessel pauses at a mysterious Native pictograph before visiting Punchbowl Cove with its columnar basalt formations and the colorful Mossy Wall bird rookery. The towering volcanic spire known as New Eddystone Rock calls to mind the dramatic geological forces that shaped this area six million years ago.

A knowledgeable naturalist will provide in-depth commentary on the natural history of the area. Sightings can never be guaranteed, however be on the lookout for bears, mountain goats, timber wolves, seals, sea lions, and humpback and killer whales. You may also get to view an active eagle nest. After your cruise you will transfer to a floating dock where your bush pilot and floatplane will be waiting to take you on an exhilarating flight over the pristine wilderness back to the downtown Ketchikan waterfront. From the air, you can truly appreciate the magnitude and majesty of Rudyerd Bay, the crown jewel of the 2,000,000 acre monument.

Spectacular Misty Fjords

- Cascading waterfalls, jewel-like lakes and abundant wildlife!
- Experience a water landing or take off in remote fjord!
