

Rainforest Canopy & Zipline Expedition

Alaska
CANOPY
ADVENTURES

RAINFOREST CANOPY & ZIPLINE JUNEAU • ALASKA

Enter a historic fly-zone! This eco-adventure combines the thrill of gliding above the treetops, over 6,000 feet of dual cable ziplines and suspension bridges. Begin by boarding a high speed expedition vessel for a Gastineau Channel crossing, past Mayflower Island and Suicide Falls, before arriving to the Treadwell Mine base camp located on Douglas Island. You will then be outfitted in state-of-the-art equipment prior to boarding a Mercedes Unimog 4x4 vehicle for the mountain climb to the first platform. Here you will be progressively eased by your guides over almost a mile of ziplines linking a network of aerial platforms. You will also be guided over two suspension bridges with breathtaking views of Bullion Creek. From the course you will discover hidden ruins of the historic Treadwell Mine (1881-1917), which was once one of the world's largest gold mines. From the final platform, experience the thrill of rappelling down to base camp. It is here where you will receive a light snack and a custom cast achievement medal for recognition! View your photograph at the base camp before your return transfer to downtown Juneau.

The Ultimate EcoAdventure

- Experience a high speed watercraft & a 4 x 4 vehicle!
- Zip over 10 dual-cable ziplines & 2 sky bridges!
- Discover Treadwell Mine ruins from 13 lofty tree platforms!
- Enjoy the water front base camp location with breathtaking views of Juneau!
- Rappel down from the final platform!
- Tour length is 3 hours and 15 minutes including transfers.
